PALESTINE, TEXAS, APRIL 23, 1904.

A GOOD WORK.

The HERALD is proud of the fact that the citizens and business people have organized an association along lines urged by this paper for the past several weeks. There is a great need for such an organization, and great good can be accomplished. The flow of immigrants to East Texas is benefitting Anderson county very little at this time, simply from the fact that no effort has been made to locate these people here. In adjoining counties, by a little systematic effort, hundreds of industrious farmers are being located, and in more than one of these counties more than 40 per cent of the land is in cultivation, thereby enriching both town and county, and increasing land values. Fully 85 per cent of Anderson county is in its virgin state, and only awaits the husbandman to become as productive as any land in the world.

Now let every one join this movement to get immigrants here, that they may cause small farms to spring up all over the county, producing their wealth and making happy homes for those who toil.

The HERALD is rejoiced over the splendid start made in the work, and has strong faith in the great, good work to follow.

BELMONT-MORGAN-HILL have delivered the New York delegation to the National democratic convention to Judge Alton Parker, the candidate without known political opinions or convictions, but can they deliver him New York votes in the electoral college with Tammany, the only real democratic organization in that State, practically driven from the party? It is argued that Cleveland twice carried New York state without the enthusiastic support of Tammany, but in both those instances conditions existed that do not now exist. In the first instance White-law Reid, against whom organized labor of New York was waging war, was the republican nominee for vice president, and in the second instance the Homestead riots caused organized labor to extend the democratic nominee for president a practically unanimous support. In both elections Cleveland carried that State by uncomfortably narrow margins. If there is one thing that will commend Parker to the laboring men of the country it has never appeared in print. To the contrary, the fact that he is a creature of Belmont-Morgan-Hill et al. will cause them to regard him with suspicion and distrust. In the opinion of the Journal, William R. Hearst is the only democrat who could get the labor vote solidly against Roosevelt, and the democrats can carry neither New York, Illinois or Indiana without the labor vote. It would be well if the democratic party take a practical view of conditions before permitting their national convention dominated by the gang which controlled the New York delegate convention.—Beaumont Journal.

Special Correspondence.

Editors Herald:—Enclosed find \$1 for which please continue my paper. I think it is one of the best country papers published.

As I have not seen anything from this place lately will give a few items of news.

Health at this place is very good. No one sick that I know of.

Everything fresh and fine since the last few days of sunshine. All farming is considerably in advance of last year. We hope to be able to ship a car of Irish potatoes by the 5th of next month. We have a fine peach crop at this place. This scribe has been thinning his peach crop the last few days. Tomatoes are also looking well.

Our town is building slow but sure. The oil boom is not on as yet. J. B. McDonald has added a handsome brick store, E. B. & Co. a commodious warehouse, W. H. Baty has built a very pretty residence and moved into same some time ago. We are just completing a fine Masonic temple. Jeff Freeman is building a very fine and costly residence. He is getting to be a very business like man. He has 30 acres planted in cotton and a large crop of tomatoes. He also has a cold storage and sells fresh meats of all kinds, and keeps a family grocery and restaurant, and Madam Rumor says there is going to be something doing when he gets his house finished.

No more for this time. Success to the Herald. Uno.

CITATION.

THE STATE OF TEXAS,

To the Sheriff or any Constable of Anderson county—Greeting:

You are hereby commanded that, by making publication of this citation in some newspaper published in the county of Anderson, once in each week, for four successive weeks, previous to the return day hereof, you summon M. E. McNaron, defendant, to appear before the honorable District court, at the next regular term thereof, to be holden in the county of Anderson, at the courthouse thereof, in Palestine, Texas, on the 12th Monday after the first Monday in February, 1904, being the 25th day of April, 1904, then and there to answer the petition of W. J. Bridges, filed in said court on the 25th day of March, 1904, against the said M. E. McNaron, defendant, the file number of said suit being No. 7094, and plaintiff's cause of action being stated as follows: That on March 1, 1904, in order to induce plaintiff to convey to defendant one Trevor veneer machine, one Trevor veneer clipper, one Fay cut of saw, one re-saw, one planer and all shafting, belt-ing and pulleys necessary to operate same, as well as to sign articles of agreement admitting defendant as an equal partner in plaintiff's business of manufacturing boxes and crates, at Elkhart, in consideration of \$1 and defendant's two notes for \$899, that defendant fraudulently represented to plaintiff that he was a man of means and that he had \$899 in a bank at Birmingham, Ala., which he would use in discharging said notes, when defendant was in fact insolvent and did not have the money in the bank, and had no intention of paying his notes, and that plaintiff relied and acted on defendant's misrepresentations and did sign a conveyance to defendant of said partnership, whereby defendant was to receive half the profits of plaintiff's business, which personally plaintiff seeks to recover as well as to cancel said conveyance and articles of partnership, all on account of defendant's fraud, plaintiff tendering defendant \$1 and his notes and his dishonored check for \$899 on said bank, which he gave to take up said notes.

Herein fail not, but have you then and there before said court this writ, with your return thereon, showing how you have executed same.

Given under my hand and the seal of said court, at Palestine, Texas, this 26th day of March, 1904.

(SEAL) ADAM CONE,
Clerk of the District court of Anderson county, Texas.

THE CAR BARN BANDITS HANG

Three of Bloodiest Careers in Criminal Annals Ended On the Gallows.

Chicago, Ill., April 22.—Peter Neidermeier, Gustav Marx and Harvey Vandine, the notorious car barn bandits and confessed murderers—of eight men, were hanged today. Neidermier was the first to die and his manner of death was unusual.

He was so weak as the result of his attempt at suicide that the jail guards were forced to carry him to the scaffold.

He was then placed in the chair and the drop was sprung at 10:35. His body moved convulsively as he hung and slowly strangled to death.

Before the Execution.

With execution so near as to be awaited by minutes, Peter Neidermeier, Gustav Marx and Harvey Vandine, the car barn bandits, today, after practically a sleepless night, prepared for the end.

At first it was the intention of Sheriff Barrett to hang the trio simultaneously on one scaffold, as the anarchists were executed some years ago.

The plan however was abandoned mainly on account of Neidermeier's attempt at suicide which left him in a weakened condition and made it advisable that he be hanged alone.

A large crowd assembled at the jail preceding the hour of execution and sought admission but was turned away.

Only the limited number as provided by law were allowed in the jail to witness the execution of the bandits whose careers, with Emil Roeski imprisoned for life but a few days before, were closed at practically the same time.

History of Crimes.

The hanging of the youthful car barn bandits followed closely a period of crime of less than six months. In that time eight murders were committed, all attendant upon robberies or efforts to escape arrest.

It was during an attempt to escape on a stolen train after an extraordinary battle in the swamps of Northern Indiana, just east of Chicago, that on November 27 of last year the capture of the gang was completed by the arrest of Neidermeier, Vandine and Emil Roeski, their associate, Marx, having already been placed behind the bars to await trial.

The specific offence for which Vandine, Neidermeier and Marx were tried and sentenced was the murder of Frank Stewart, a clerk in the Chicago city railway car barns, during a robbery there on the morning of August 30, 1903. James B. Johnson, a motorman, was also killed, and two persons were wounded. The bandits escaped after having secured \$2240. Roeski was not concerned in this crime, but after the conviction of his companions he was tried separately for one of the murders in which he was the principal accused.

Four Great Meetings.

L. D. Anderson, pastor of the Christian church of our city, will hold four great meetings at the Y. M. C. A., beginning Sunday, April 24, at 4 p. m., and continuing each Sunday to May 15. The subjects of his addresses are as follows: 1st. "The Value of Manhood;" 2nd. "The Opportunities of Manhood;" 3rd. "An Enemy of Manhood;" 4th. "The Debt of Manhood." A treat is in store for all who attend, as Bro. Anderson is a fluent talker, a man of good ideas, full of good thoughts and presents them in a clear, logical and convincing manner, and the Association is to be congratulated on securing Bro. Anderson for this series of addresses. Few people realize the great amount of time and thought necessary to prepare a series of addresses such as these, and it is hoped every man in Palestine will hear this series.

AWFUL CRIME NEAR MANOR

Miss Sandberg's Murder Has Terribly Aroused People.

Austin, Texas, April 21.—One of the most fiendish crimes that has ever happened in Travis county occurred on the Wilbarger creek bridge, on the New Sweden road, about half a mile east of the town of Manor, in this county, about 13 miles east of Austin, on the Houston and Texas Central railway, when Miss Lula Sandberg, a beautiful 16-year-old daughter of Mrs. Sandberg, was cruelly murdered after a desperate attempt had been made to commit an assault on her person.

Strong evidence of guilt points to a negro who had been at Manor a few days, but who now cannot be found. The terrible crime created great excitement among the people of Manor and in adjacent territory, and posess are now scouring the country in every direction for the fiend in human form.

Miss Sandberg and her mother lived on a farm about a mile and a half east of Manor, and about 4 o'clock in the afternoon Miss Sandberg started to Manor in a buggy alone. A few minutes later her cousin, Gustav Fritz, started from the Sandberg home in another buggy. He stopped on the way to talk with the brother of the dead girl, who has a farm in that neighborhood, and this made Miss Sandberg about 20 minutes ahead of him.

Motherhood

MOTHERHOOD is the reward nature bestows upon healthy womanhood. Women whose vitality has been sapped by disease cannot safely give birth to children. In pregnancy and in childbirth weakness of the mother is revealed in the pain and agony she suffers.

This great medicine drives out every vestige of inflammation and weakness, and gives tone and strength to the delicate organs which mature the child. The pains of pregnancy are banished by Wine of Cardui, and miscarriages, which blast so many fond mother's hopes, are prevented. Flooding, which so often occurs after childbirth, is corrected when Wine of Cardui is used during pregnancy.

Wine of Cardui babies are healthy babies, because, during the months of pregnancy, the mother is able to give them necessary vitality and strength.

With these facts presented to American women no expectant mother should be satisfied without the re-inforcement that Wine of Cardui will give her. Every mother should be able to treat herself in her home with this valuable medicine.

Wine of Cardui can be secured from any druggist at \$1.00 a bottle.

Polycarp, N. C., Jan. 11, 1902.

I am the mother of seven children and while in pregnancy with the first six suffered untold misery until they were born. One month before the seventh was born I began to take a bottle of Wine of Cardui, which gave me relief after taking three doses. I used the remainder of the bottle until the birth of the child, and was stouter in three days after the birth than I was in a month after the birth of either of the first six. I am 29 years old.

A BOOM

Does not ultimately bring about the best results to a community.

THE PAN-HANDLE

is NOT on a boom, but is enjoying the most rapid growth of any section of Texas.

Why?

Because only recently have the public at large realized the opportunities which this northwest section of Texas offers. The large ranches are being divided into SMALL STOCK FARMS. Wheat, Corn, Cotton, Melons and all kinds of Feed Stuffs are being raised in abundance, surpassing the expectations of the most sanguine—a country abounding in such resources (tried and proven), together with the LOW PRICE of Lands, cannot help enjoying a most rapid growth, and that is what is happening in the Pan-Handle.
